

DIGITAL CONTENT ACCESS IN YOUR LEARNING MANAGEMENT SYSTEM (LMS)

In an effort to make it easier to locate and access your course materials, we have added a bookstore link to your course materials in your school's LMS (Canvas, Blackboard, Moodle, etc)!

Through your LMS, you will be able to see what materials are listed for your courses, access your eBooks that are being used in VitalSource's eBook reader Bookshelf and reveal your access codes for materials that are used on a publisher's platform.

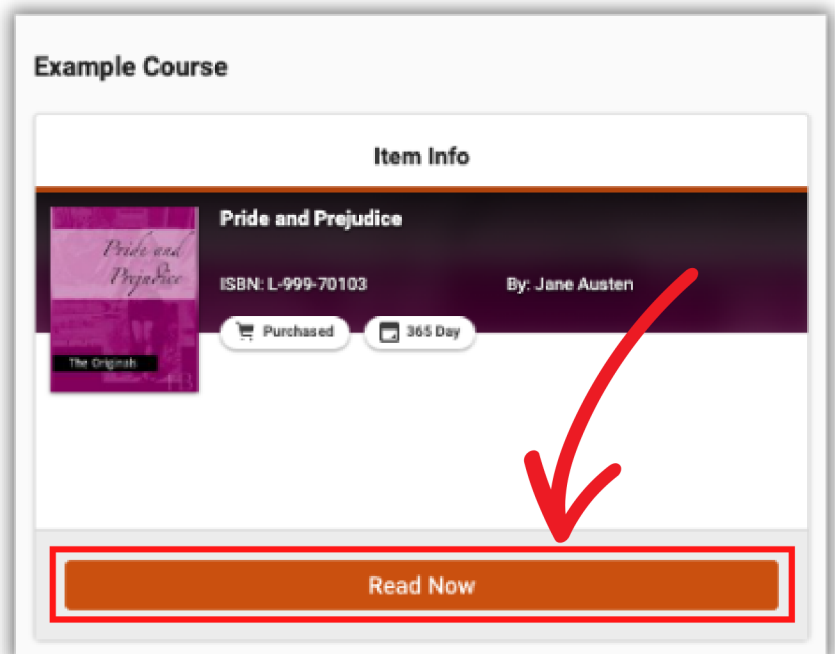

To access your VitalSource digital content:

1 Sign into your course in your LMS.

2 Click the bookstore link.

3 Locate the title you would like to read & click Read Now

4 You will then be prompted to sign into or create a Bookshelf account.

Once you have accessed your materials you can log in directly through VitalSource Bookshelf via the online site, the mobile app, the desktop site, or through the Read Now button in the Dashboard in your course.

DIGITAL CONTENT ACCESS IN YOUR LEARNING MANAGEMENT SYSTEM (LMS)

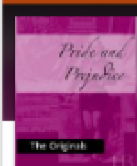

To obtain your access code for publisher delivered materials:

- 1 Sign into your course in your LMS.
- 2 Click the bookstore link.
- 3 Locate the title you need access to and click Reveal Access Code
- 4 Copy the code that appears and follow the instructions to redeem the content on the Publisher's platforms
